

## RED RIBBON

### ST.XAVIERS COLLEGE (AUTONOMOUS), PALAYAMKOTTAI

The Red Ribbon Club, Youth Red Cross and Blood Donors Club function as an integrated whole in our college. The main function of YRC is to promote blood donation whereas the function of RRC is to promote awareness about HIV / AIDS and to encourage students to "Celebrate Life" in all its fullness. This unit aims to inculcate a sense of responsibility in the students and to make the students aware of the importance of blood and blood donation. To promote the cause of blood donation, an annual Blood donation Camp is held in our campus every year.

### REPORT ON ALL ACTIVITIES (2012-2018)

#### ACADEMIC YEAR 2017-2018

##### **Red Ribbon/Youth Red Cross /Blood Donors Club**

The Red Ribbon Club, Youth Red Cross and Blood Donors Club function as an integrated whole in our college. The main function of YRC is to promote blood donation whereas the function of RRC is to promote awareness about HIV / AIDS and to encourage students to "Celebrate Life" in all its fullness.

We, at St. Xavier's College, Palayamkottai are very proximally situated to Tirunelveli Medical College and Hospital. Hence, there is a constant demand for Blood for needy patients around the year. To the extent possible, we fulfill the demand for blood from the Medical College Hospital. This service done by our students also fits in with the vision of the college to serve the poorest of the poor for much of the recipients of blood from the Medical College Hospital are patients from the poorest sections of our society.

On December 12<sup>th</sup> 2017 we had the voluntary blood donation camp in our college. 176 units of blood were collected on that day. In addition our students regularly donate blood as and when needed to the Medical College Hospital. Our students serve as ambassadors of good will of our college in this regard.
