NEWSLETTER 2016

(Strive for perfection and survive with excellence)

DEPARTMENT OF MCA

From the Desk of the Principal

"A desire can change nothing, a decision can change something but a determination can change everything". It gives me immense pleasure to note that the fourth Newsletter of MCA is being released. Kudos to the editorial team. When I have a glance at the Newsletter, it is heartening to see that training the head and the heart of staff and students had quietly happened over the past one year. The staff and students will get more recognition when the awards/achievements they won are publicized through the Newsletter. It would definitely be an inspiration and motivation for other students and staff to scale newer heights. The Department has been consistently working towards the goal to produce highly skilled and scientifically oriented manpower through flexible, adaptive and progressive training programs along with cohesive interaction with the academicians and industrialists. I congratulate everyone for their commitment.

Rev. Dr. V. Gilbert Camillus
Principal

ABOUT US

The Department of MCA at St. Xavier's College, Palayamkottai, was started in 2000 with the approval of the AICTE. Most of the alumni members are well-placed in reputed organizations like TCS, CTS, WIPRO, TARENTO, FINTEK, INFOSYS, TECHMAHINDRA, ORACLE, etc., With a Vision, Passion for Creativity and Compassion for Humanity, we as a Jesuit Educational Institution for men and women who are ardent, altruistic, ambitious and humane having greater responsibilities for the modern world.

To put what we have conceived into effect, we organize Workshops, Campus recruitments, Seminars, Conferences and Talks hosted by industrialists and IT professionals. Hence our students gain empirical knowledge and are able to find relevance to the subjects that they learn in the class rooms. These interactions eventually fetch placements for our students in the industries and organization. We deem it our honour that every student who joins MCA in St. Xavier's is entitled to quality education and is exposed to the land of opportunities.

Message from the HOD of MCA

At the outset, I congratulate all my team members for their constant efforts in launching the fourth Issue of this News Letter. Newsletter is an amalgamation of all the events held in the department and it plays an instrumental role in providing a greater exposure of the achievements accomplished by the students and the faculty. It is appalling that our technology exceeds our humanity. Don't think that "What is in it for me?" But realize that "What do I get out of it?". In a nutshell, our department is well nurtured to cater the needs of education for the career enhancement of students from both technical as well as social aspects. We are Very Grateful to our Management for their Support and Encouragement.

Dr. S. Chidambaranathan
HOD & Placement Officer

OUR RECRUITERS

Placement is the ultimate goal

Placement is the ultimate goal, the desired destination and the fulfillment of the dream of the aspirant student, his or her parents, the faculty and the management who make frantic endeavors in carving out and crafting the student's career. Our every endeavor has been, and will be to see the same beaming smiles on the faces of the students while they depart from their Alma mater as in the time of arrival.
